AFFIDAVIT IN SUPPORT OF SEARCH WARRANT

I, Samuel L. Chappell, Task Force Officer (TFO), with the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF), being duly sworn, depose and state the following:

INTRODUCTION

1. I am currently employed as a police officer by the Columbus Police Department and have been with the department since 2007. As part of my duties, I am also currently assigned as a Task Force Officer (TFO) with ATF. My responsibilities as a TFO include the investigation of violent criminal street gangs, narcotics traffickers, money launderers, and fraud and firearm related crimes. I have participated in the execution of search warrants and arrests related to the above-referenced offenses.
2. I make this affidavit in support of an application for a warrant to search and obtain a Deoxyribonucleic Acid (DNA) sample from the person of **Mario A SYDNOR Sr.** (DOB 04/XX/1979 and SSN # XXX-XX-3707), who is currently an inmate in the custody of the Franklin County Sherriff's Office. As set forth in this affidavit, this DNA sample may constitute evidence of violations of 18 U.S.C. §§ 922(g)(1) and 924(a)(2) (felon in possession of a firearm).
3. This affidavit is intended to show that there is sufficient probable cause for the above-described search warrant and does not purport to set forth all of my knowledge of, or investigation into, this matter. The facts and information contained in this affidavit are based on my personal knowledge, my training and experience, my interviews of various witnesses, including law enforcement personnel who participated in the investigation, and my review of certain records and documents
4. On or about December 9, 2021, a federal search warrant was executed at 808 Gascony Dr. Reynoldsburg, Ohio 43068. The search warrant was executed as part of a larger federal investigation into narcotics trafficking and firearms possession by SYDNOR and others. Investigators believe that 808 Gascony Dr. is the primary residence used by SYDNOR, his girlfriend Lateisha JONES and children. Investigators using electronic and physical surveillance have placed SYDNOR at 808 Gascony on multiple occasions. Prior to the execution of the search warrant investigators observed SYDNOR leave the residence and return a short time later. Investigators executed the search warrant when SYDNOR was sitting inside of a vehicle parked in the driveway of the residence. Found inside the home during the execution of the search warrant was Lateisha JONES.
5. Once inside the home in the master bedroom investigators located a loaded FN model 509 9mm pistol bearing serial GKS0106580. The pistol was located in plain view on a nightstand next to the bed. Inside the nightstand investigators located paperwork with SYDNOR's name and the address of 808 Gascony Dr.

6. A loaded Taurus Spectrum 9mm pistol bearing serial 1F162396 was located in the same bedroom. This pistol was in the nightstand opposite the nightstand where the prior firearm was found. The Taurus was inside of a drawer on the nightstand.
7. I have conducted criminal history records check on SYDNOR and am aware that SYDNOR has at least two felony convictions in Franklin County, Ohio Court of Common Pleas that could result in more than one year of incarceration.
8. On or about January 3, 2003, SYDNOR was convicted of possession of drugs a felony of the fourth degree in case 02CR004453. On or about August 28, 2003, SYDNOR was convicted of trafficking in drugs a felony of the fourth degree in case 03CR002202. These convictions could have resulted in more than one year of imprisonment. These prior convictions prohibit SYDNOR from possessing a firearm.
9. Based upon my experience and training, I am further aware that Taurus and FN firearms are manufactured outside the state of Ohio, thus necessitating travel in interstate commerce
10. The firearms and swabs from the firearms and magazines were submitted to the Columbus Police Crime Laboratory. The laboratory is qualified and certified to conduct DNA analysis. In order to determine if SYDNOR is a major contributor of any DNA recovered, a reference standard from SYDNOR is needed for comparison.
11. Based on the foregoing, I believe that there is probable cause to issue a search warrant and obtain a Deoxyribonucleic Acid (DNA) sample from the person of SYDNOR, as this DNA sample may constitute evidence of violations of 18 U.S.C. § 922(g)(1) (felon in possession of a firearm). Therefore, I request that the Court allow me and other authorized law enforcement officers to take a cotton swab and place it inside the mouth of SYDNOR, rubbing the inside of his cheek to obtain cellular material—this method allows officers to obtain saliva, and or topical or oral skin cells, by means of an oral swab. Based on my training and experience, I know that this procedure is quick, painless and involves minimal intrusion into the body. This warrant also permits authority to execute the search warrant with force if necessary.

FURTHER AFFIANT SAYETH NAUGHT.
